PROFILE

Junior Full Stack Developer specialized in React/TypeScript and PHP/Laravel, with solid foundations in C#/.NET. Bachelor's degree in Business Informatics (EICE, expected October 2026). I design and deploy complete end-to-end applications: backend architecture, REST APIs, React interfaces, Docker/Linux infrastructure on VPS, through several concrete projects (e-commerce marketplace, management tools, AI automation). Freelancing part-time since June 2026, looking for a position where I can keep growing alongside a team.

EDUCATION

- ↑ Bachelor's Degree in Business Informatics 2023 - present
EICE, evening classes
Web development, relational databases, networking, OOP. Degree expected October 2026.
- ↑ High School Diploma (CESS), Modern Languages, Maths, Sciences 2015
Collège Saint-Vincent, Soignies
